The Chemical Age

Index to Volume XLV. July to December, 1941

A

Abrasive, The Jubilee of an, 226
Accelerators, Diesel Fuel, 247
Accident at Widnes, Mystery, 110
Accidents, Unusual Industrial, 259
Acetylene Mixtures, Ignition Temperatures of, 50
Acid Mist, 83
Air Humidity Meter, 325
Alcohols, Wool Wax, 92
Aliphatic Amines, Preparation of, 315
Alsatian Potash Mines, 270
Alternating Double Filtration, 209
Alumina from Alunite, 148
American Propellant, New, 148
American Chemical Equipment, Advances in, 276
American Sources, Graphite from, 270
American Tungsten Production, 27
Ammonia Synthesis, Iron Catalysts for, 233
Analysis, Electrochemical, 168
Aniline Stock, Dutch Claim on, 214
Anodic Oxidation of Lead, 224
Anti-Dermatitis Preparations, 264
Anti-Mildew Process, 107
Aqueous Solutions, New Standards for, 183
Asbestos, Thermal Studies in, 78
Association of British Chemical Manufacturers, 208
Association of Scientific Workers, 146
Australia, Sulphur Recovery in, 262

AUTHORS—

Appleby, M.P., Bacterial Purification of Gas, 80; Arend, A. G., Dolomite Working Under Primitive Conditions, 142
Butcher, C. H., Valves and Cocks for Chemical Plant, 165
Creevey, John, Notes from Works Safety Jottings, 38; Safe Practice in the Chemical Laboratory, 93, 157, 207; Collected Notes on Chemical Safety, 257, 309
Datta, R. L., Indian Tannin Materials for Ink Manufacture, 79; Downie, C. C., Brass Turnings of Poor Grade, 67; Metalliferous By-Products, 289
Farmer, S. N., Furfural: Its Development and Possibilities, 23
Hollowood, A. Bernard, Ceramic Chemistry, 297; Howat, David D., Sulphur Mining by the Frasch Method, 75; Molecular Distillation, 309, 323; Hughes, J., Bacterial Purification of Gas, 80
Jones, G. W., Ignition Temperatures of Acetylene Mixtures, 50; Jones, Josiah W., Titanium Tungsten Carbide Cutting Tools, 91
Miller, W. E., Ignition Temperatures of Acetylene Mixtures, 50
"Old Hand," The Young Works Chemist, 119
Raushaw, G. S., Phenol from Chlorobenzene, 61; Modern *p*H Measurement Technique, 195
Schweig, Bruno, Water-Glass: Its Composition and Uses, 35, 47, 59; Glasses for Discharge Tubes, 120; Sen, S. C., Indian Tannin Materials for Ink Manufacture, 79; Seymour, H., Flame-Proof Induction Motors, 314
Tebbutt, Fred J., War Damage, 233
Walker, J. E., Recovery of Used Lubricating Oil, 155, 181; "Works Chemist," The Ethics of Chemical Engineering, 171
Auxin in Fertiliser, 37

B

Bacterial Purification of Gas, 80
Basic Lead Acetate, Precipitation of, 215
Benn Brothers, Limited, Annual Meeting of, 98
Benn Brothers, Limited, New Chairman of, 184
Benzotriazole as Reagent, 25
Blast Furnace Slags, Viscosity of, 55

BOOK REVIEWS—

Acid-Base Catalysis (R. B. Bell), 311; Applications of Chemical Engineering, The (H. McCormack), 174
Chemical Dictionary (F. H. Campbell), 6; Chemical Species (Jean Timmermans), 94; Chemical Warfare (Curt Wachtel), 286; Compressed Air Terms and Standards (British Compressed Air Society), 286
Industrial Chemistry of Fats and Waxes, The (T. P. Hilditch), 121; Intermediate Quantitative Analysis (A. J. E. Welch), 199; Introduction to Organic Chemistry, An (J. W. Baker), 148
Knotted String (Harry Brearley), 311
Mercerising (J. T. Marsh), 137
Numerical and Constitutional Exercises in Organic Chemistry (J. L. B. Smith), 6
Outline of Metallurgical Practice, An (Carle R. Hayward), 70
Reconstruction of Bombed Buildings (B. S. Townroe), 27; Researches on the Structure of Alloys (W. Hume-Rothery), 311
Sheet-Metal Work (F. Horner), 286
Tables of Physical and Chemical Constants (G. W. C. Kaye), 286; Thorpe's Dictionary of Applied Chemistry, Vol. V (Sir Jocelyn Thorpe and M. A. Whiteley), 225
Boric Acid Esters, 225
Brazil, Chemicals in, 224
British Association of Chemists, 285
B.S.I. Executive Committee, 284

C

Cable Industry, Plastics in the, 271
Cadmium and Indium, 145
Canada, Chemical Developments in, 246
Canadian Chemical Production, 122
Canadian Paper-making Industry, 110
Canadian Salt Production, 182
Casein Plastics Waste in Feeding Stuffs, 146
Castor Oil, The Chemistry of, 129
Catalysts for Hydrogenation, Mixed, 262
Catalytic Action, Mechanism of, 235
Cement Standard, New, 226
Ceramic Chemistry, 297
Chemical Engineering, The Ethics of, 171
Chemical Markets, Latin-American, 94

CHEMICAL MATTERS IN PARLIAMENT—

Bauxite, Nyasaland, 226
Calcium and Vitamin B in Flour, 159; Chemists in Administrative Posts, 325
Decontamination, Mustard Gas, 211; Dyestuffs Control, 308
Factories, Potato Processing, 40; Fats for Soap Manufacture, 94; Fuel Economy Campaign, 159; Fuel, Peat, 293
German Imports from the U.S.S.R., 94
Incendiary Bombs, Extinguishing, 26
Malayan Minerals for Japan, 63; Mustard Gas Decontamination, 211
Nyasaland Bauxite, 226
Oils in Margarine, 211; Ordnance Chemist's Dismissal, 211
Peat Fuel, 293; Potato Processing, 40, 211; Proteins from Grass, 226
Raw Materials Control, 236
Scientific Advisory Committee, 26, 51; Scientific Co-operation, 293; Scientific War Production, 226; Scrap Metal from Bombed Sites, 26; Scrap, Non-Ferrous, 63; Soap Manufacture, Fats for, 94
Trichlorethylene, 63

Chemical Matters in Parliament—*continued*

U.S.S.R., German Imports from the, 94
Vitamin B in Flour, Calcium and, 159
War Inventions, 236; War Production, Scientific, 226
Zinc Company, Liquidation of, 200
Chemical Plant Symbols, 196
Chemical Plant, Valves and Cocks for, 165
Chemical Trading Groups, 271
Chemical Safety, Collected Notes on, 257, 309
Chemist, A World-Famous, 96
Chemist's Summary Dismissal, 183
China Clay Industry, The, 38
Chlorate Ion, Detection of the, 145
Chlorites, Chemistry of the, 156
Chlorobenzene, Phenol from, 61
Citrus Dehydration, 121
Civilian Workers, Protective Helmets for, 110
Coatings, Fire-Resistant, 198
Coffee, Development of Plastics from, 197
Coffee Preserving, 27
Collected Notes on Chemical Safety, 257, 309
Colour Industries, Co-operation in the, 159

COMPANY NEWS—

African Explosives and Industries, Ltd., 242; Anchor Chemical Co., Ltd., 125, 282; Anglo-Continental Guano Works, Ltd., 329; Anglo-Egyptian Oilfields, Ltd., 88; Anglo-Greek Magnesite Co., Ltd., 72; Anglo-Iranian Oil Co., Ltd., 282; Aspro, Ltd., 178; Associated Manganese Mines of South Africa, Ltd., 318; Avonmouth Farms, Ltd., 274
